18. Not a Set-Aside

The Government intends to award a firm fixed priced contract for website design, development and maintenance. This acquisition will provide professional and technical services in support of design, development and content management for the OpenWorld.gov website (to be changed to COIL.gov) in Drupal Version 8/9 using the contractor’s infrastructure for development and testing. Note the Open World Leadership Center official agency name changed to the Congressional Office for International Leadership (COIL) in March 2022. COIL shall provide a copy of the existing Openworld.gov website for use in this upgrade. This support will provide, but is not limited to design, development and test of an operational public facing website using Drupal 8/9, upgraded from the existing Version 7. Website content will also be added as well as upgraded with the new design. The contractor shall also provide services to support website content management, software and security updates and periodical maintenance support. Hosting of the website is NOT included in this acquisition. The primary North American Industry Classification System (NAICS) code is 541511. The solicitation number assigned to this acquisition is COIL-22-R-0001. The solicitation and all applicable attachments will be posted on the OpenWorld.gov website on or about August 23, 2022. Hardcopies of the solicitation will not be provided to potential offerors. The proposal due date will be stated in the solicitation and is anticipated to be on or about September 23, 2022. Award will be to a single offeror, based on a best value assessment of technical and costs factors. It is the responsibility of the offeror to review the OpenWorld.gov webpage for notice of amendments, updates or changes to the solicitation and attachments. To be eligible for award, offerors must have a current, valid registration in the Systems of Award Management (SAM) system at <https://www.sam.gov>. Questions shall be submitted via email to the POC for this requirement, Linda Suggs at lsug@coil.gov. Please note this is a Pre-solicitation notice to inform potential vendors of a coming requirement, this is not the actual solicitation. All responsible sources may submit an offer, which will be considered.
